BSN @ FHU

Added Value. Added Opportunity. Big Advantage.

Are you looking for an opportunity to complete your nursing degree at a premier university? The mission of Freed-Hardeman University's Department of Nursing is to provide an excellent professional nursing education permeated with Christian values. Therefore, graduates are morally and spiritually prepared to give holistic nursing care and to provide service to the individual, the home, the church, the community and the world.

Benefits & Advantages

There are some big advantages to finishing your nursing degree at FHU. All of our students benefit from instructor-supervised hands-on experience in the field, low instructor to student ratios in clinical work and a state-of-the-art facility designed to integrate the latest technology into the classroom and to prepare you to save lives.

The nursing program at FHU is intentionally engineered to serve and equip the best and brightest nursing candidates in ways you simply will not find at large state schools and community colleges.

Admissions Criteria

- Cumulative GPA of 2.8 on a 4.0 scale
- Science GPA of 2.5 on a 4.0 scale
- TEAS score of proficient or higher
- Completion of ENG 101, 102, BIO 211, 212, 215, CHE 111 and MAT 101
- Have fewer than 12 hours of general education classes remaining and fewer than 8 hours of Bible remaining.

Scholarships Available

Special scholarships are available for students transfering into the BSN @ FHU program. Any residential student who meets the acceptance requirements can be qualified. Awards are based on prior academic performance and experience in the field. For more information or to enroll, visit
