 $^{^3}$ Course has prerequisite. See corresponding ${\it Undergraduate\ Catalog}$

ADDITIONAL ITEMS RELATED TO THE MAJOR

* For students planning graduate school, MAT 235 Introductory Statistics is recommended.

The following guidelines are important. Failure to follow these guidelines may delay graduation.

- 1. Plan schedules carefully. Plan to fulfill prerequisites for future courses.
- 2. Do not alter the sequence of courses without consulting with your academic adviser as not all classes are offered every semester.
- 3. Before the enrollment period, check to make sure holds will not prevent you from registration.
- 4. Register for classes early during the registration period to secure classes.

The Four-Year Degree Plan is a suggested plan of study. This plan does not replace the *Undergraduate Catalog*. The *Undergraduate Catalog* provides the official listing of program requirements.
